2006

WHO WE ARE

CCH Small Firm Services (SFS) provides market-leading tax and accounting software, research and workflow tools to 45,000 professional firms and tax assistance sites in 72,000 locations. SFS is part of Wolters Kluwer Tax and Accounting, an international leader in tax, accounting and audit solutions.

WHO WE SERVE

Although our name may say "small firm," we actually serve a very diverse market. Our products are focused on the needs of small tax and accounting firms—businesses that generally have five or fewer employees – yet these same programs are powerful enough for use by commercial tax preparers, who produce thousands of returns at multiple locations. And for 17 years, CCH Small Firm Services has been selected by the IRS to provide tax software to their tax assistance sites.

HOW WE CAN HELP

CCH Small Firm Services is best known for our two leading tax compliance programs, ATX and TaxWise.

ATX offers CPAs and other tax & accounting professionals the best combination of quality and value in the marketplace. Our powerful, yet easy-to-use system provides users with the tools they need at a price they can afford including:

- The largest forms library in the industry
- Integrated CCH® tax research
- Precise on-screen versions of federal, state and local tax forms
- Intuitive links to detailed worksheets and information forms
- Flexible data imports
- Integrated planning & analysis tools

With 3 different ATX packages ranging in price from \$530 to \$1,250, we're sure to have a package that's right for any practice. To learn more about ATX, call **1-877-728-9776** or visit us online at www.atxinc.com to request a free evaluation kit.

This year, nearly 13,000 tax businesses using TaxWise prepared more than 14 million tax returns! But that's no surprise. For the past 26 years, TaxWise has been the preferred tax compliance program for independent firms specializing in fast and accurate tax preparation. TaxWise features include:

- Automatic data transfer from federal to state returns
- Real-time calculations
- Built-in zip code and EIN directories
- A unique Forms Tree which displays the full return for quick access & review
- Powerful diagnostics and robust Help features
- No networking fees for those working in the same location

TaxWise is designed to enhance productivity, helping you easily file a high-volume of returns! To learn more about TaxWise, call **1-800-755-9473** or visit us online at www.TaxWise.com to request a free evaluation kit.

WHAT MAKES US DIFFERENT

The CCH Small Firm Services product line extends far beyond tax software. We provide a wide range of products and services which are designed for seamless integration with our two flagship programs – but are also powerful enough to stand on their own. See the difference for yourself with **Client Accounting Suite**, **Fixed Asset Manager** and **PaperlessPLUS**.

And because running a successful business involves more than software, SFS is proud to offer the broadest range of partnerships in the industry. From discounts on office supplies to IT support, we work hard to help you better manage your practice.

Learn more about CCH Small Firm Services through our Insider magazine and website, insider.cchsfs.com.

Unlock your business potential.
