

## This is Your Most Comprehensive Security Information Resource

Details inside ...

Published by the editors of *Locksmith Ledger International* and *Security Technology Executive* magazines, the security industry's most comprehensive buyers guide will deliver your advertising message to more than 15,000 influential security decision makers.

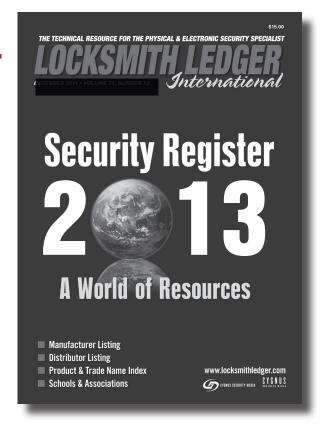

**BONUS ONLINE LISTING!** 

The Security Register is the 'where to-buy' source for installers, facility managers, specifiers, security directors, locksmiths, and security technicians.

# The Security Register is the ultimate buying source.

- Contains alphabetical listings of manufacturers plus a numerical code indicating the product produced.
- Companies engaged in the distribution of products in the locksmith and security industry - plus a numerical code indicating the products represented.
- Trade names commonly used in the industry.
- Manufacturers and distributors outside North America.
- International, national and regional associations serving the security industry.
- Chronological listing of 2013 seminars, conventions and trade shows.

No other directory stacks up against the Security Register. This clean and easy-to-read format provides security professionals who design, specify and purchase hardware, software and services the ideal directory reference tool. By including Security Register in your advertising plan, your company's message will be seen by more than 15,000 readers, which ensures you the largest circulation of any directory in the industry. This high profile buyers' guide averaged over 10,000 leads a year for its advertisers.

As an advertiser, your exposure is enhanced by listing your company in bold face type with a reference to the page number of your ad. This publication is an economical way to have your ad message seen by tens of thousands every day for the next 12 months. Invest now in Security Register and ensure a successful 2013 ad campaign.

## ... And Bonus Distribution, Too!

Not only is your ad message assured of reaching a direct-mail audience of over 15,000, additional copies of Security Register are also distributed among selected members of these security and related associations:

- National Facilities Management & Technology Conference (NFM&T)
- American Society for Industrial Security (ASIS)
- National Fire Protection Association (NFPA)
- Door and Hardware Institute (DHI)
- Associated Locksmiths of America (ALOA)
- International Security Conference (ISC)
- Security Industry Association (SIA)
- International Association for Healthcare Security and Safety
- Electronic Security ESX Expo ... and many more!
